

South Central Solid Waste Authority needs your help!

SCSWA is dedicated to serving the City of Anthony but we ask for your help in ensuring our drivers and team are able to do their job effectively and efficiently. To make this partnership manageable, we ask for the efforts of the residents.

Please Remember:

- ✓ Do Not Overfill the Container:
If the container is full, do not leave items on the ground.
- ✓ Recycling Pickup Days:
Remember your recycle pickup days (Tuesdays and Fridays).
- ✓ Break Down Boxes:
Remember to flatten boxes before placing into the recycle container in order to create more space.
- ✓ NO Plastic Bags:
Remember that plastic bags are NOT recyclable and material should not be bagged up.

This is unacceptable!

In order to service the container, our driver has to access it. The material on the ground makes access a problem!

There are only 4 items that are acceptable in the blue recycle bins, so remember the Rule of 4:

✓ **Paper**

Envelopes/ Junk mail, copy paper , mixed paper

✓ **Plastic**

Detergent and Laundry soap bottles, water bottles, common plastic bottles

✓ **Aluminum / Tin**

soup and food tin cans, aluminum soda cans

✓ **Cardboard / Paperboard**

Packaging and shipping boxes, cereal boxes

Here are a few of the repeat offenders that are placed in our recycle bins. These items are NOT accepted:

Plastic Bags

Helium Tanks

Styrofoam

Trash

Remember that all material must be clean and dry.
